Served 35 yrs.

ran away from home at 11 & signed up as errand boy

Adolphus

wife 1st husband on a ship diving overboard & was  
drowned.

Ann Kirk daughter of Jas Harper of Co

Dear Sir:

Service records show that you were a prisoner of war for a period during World War II. Experience has shown that, possibly because of the hardships associated with internment, a number of ex-prisoners of war have developed disease of the lungs. This Department, in conjunction with other health organizations, is most anxious to conduct periodic examinations to detect the earliest signs of any disease. The examinations must be thorough as the earliest signs are not usually noted by the patient.

It is proposed, with your co-operation, to examine you at the end of six months following demobilization and again six months later, provided that the first examination does not indicate that more frequent examinations are advisable. As it is now about six months since your demobilization, this office proposes to conduct this medical examination at either Kingston or Peterboro, at which points the Department of Veterans' Affairs maintains adequate facilities for this purpose.

Since this is a matter of utmost importance to you, it is requested that you complete the attached form letter and return it to this office without delay, indicating the earliest and most convenient date on which you will be prepared to submit to this examination. At the same time please indicate your preference as to the place of examination, taking into consideration transportation facilities and time lost in transit.

On the receipt of your reply, this office will forward to you, unless otherwise indicated, a transportation warrant covering your bus or railway fare to and from the place of examination, as well as letter which you will relinquish to the examining doctor at the time of examination.

You will appreciate that your co-operation is a matter of vital importance to yourself and to your associations in preventing the spread of preventable disease.

Yours sincerely,

*F. L. Reid*

F. L. Reid, M.D.  
Medical Assistant to the District Administrator.
